10. Assessment approach

Assessment is all individual. In all assessment AIB emphasises the application of knowledge and skills. Assignments focus on a work-based issue or enable the student to use a workplace as the focus of the assignment.

In the coursework component assessment consists of written reports and may include oral presentations.

In the research component all assessment is customised to the candidate’s research and designed to help the candidate progress with their research project. Specifically, the assessment items are a Draft Research Proposal, a Research Proposal and Ethics Application and the final research thesis. The final thesis is examined externally as per the requirements set out in the AIB Research Policy and Procedures.
