

### **AIB Award Approval Dates for 2025**

<b>Award approval session</b>	<b>Cut-off Date for award approval</b>	<b>Award Approval Month*</b>
Session 1 2025	15 January	January
Session 2 2025	31 March	April
Session 3 2025	26 May	June
Session 4 2025	21 July	July
Session 5 2025	22 September	September
Session 6 2025	17 November	November

#### **What happens after you receive your final subjects' grade?**

Firstly, congratulations on achieving your qualification!

A detailed explanation of what happens next can be found within the Course completion section of the Student Handbook at [course completions](#).

#### **Award approval eligibility information**

The award approval cut-off date applies to all completions, exits and requests for nested awards (i.e., completed MBA, GCM, GDM exits and nested award requests), including full payment of course fees.

Award requests not processed by AIB by close of business on the specified Cut-Off Date will be deferred to the next award approval meeting. Where required, fees must be repaid by the cut-off date or that award request will be deferred to the following award approval meeting.

#### **Important information for 2025 Graduation**

<b>Graduation Ceremony date</b>	<b>Cut-off Date for award approval</b>	<b>Cut-off for submission of all work, including Final Project</b>
14 March 2025 ( <i>Sydney, New South Wales</i> )	15 January 2025	5 December 2024

Students wishing to attend the Graduation ceremony must meet the eligibility criteria to apply for their respective award by the Cut-off Date for award approval specified in the table above. Students who have not met the award approval requirements by the specified Cut-off Date for award approval will not be considered for approval and will be deferred to the following applicable award approval meeting.

**\*Availability of certification documentation:** It is estimated that the parchments and transcripts will be ready to be posted to students approximately 1 month after each award approval month. Please note that this is an estimate and unanticipated delays may occur. For example, students whose awards are listed for approval in the first session of 2025 can anticipate their documents being posted 1 month after (i.e., by the end of February 2025).
