WELCOME TO THE 2023 MBA ALUMNI INSIGHTS REPORT

“After compiling the results of the 2023 MBA Alumni Insights Survey, the entire Australian Institute of Business (AIB) team and I are thrilled to learn of the outstanding achievements of our former students.

As an organisation committed to providing people with greater access to education and delivering real-world learning experiences that can be immediately applied at work, it brings me great pride to see our graduates achieve ongoing success in their careers.

In navigating postgraduate study, many of whom worked full-time and maintained busy schedules throughout, our graduates demonstrated exceptional drive and resilience. They’ve shown outstanding adaptability and innovation while advancing their careers in a rapidly evolving business world, which is a testament to their enhanced business acumen, confidence and dedication to achieving their goals. It’s my privilege to share with you the findings of this report.”

This survey sample represents 8.47% of our subscribed AIB MBA alumni population that graduated between 2005 and 2023.

133 responses were from graduates based in Canada, representing 21% of the survey sample size.
